I am a member of the Partner team at LTN & Partners, where my focus is working on lateral partner hiring, day-1 partner hiring, full-team moves and office openings.

I joined LTN in 2023, with several years of experience recruiting at all levels of the legal industry across London, APAC & Europe. I work on contingent and retained work, sourcing the market's top talent for specific law firm mandates, or proactively helping top partners find their ideal role.

My approach is a long-term consultative approach. I am a firm believer that a person's career is one of the most important things in life. It needs to be cared for and guided in the most appropriate direction.

When I am not recruiting, you will find me running, walking my cocker-spaniel, Nacho, gaming or eating breakfast with my wife!
